The Golden Light

IN **G**OD I SEEK REFUGE FROM
SATAN, THE CURSED ONE

IN THE NAME OF **G**OD,
THE **M**ERCIFUL,
THE COMPASSIONATE **O**NE

Everyday a question to purify your mind

Can we take **G**od for granted? Is our **L**ord not the only **O**ne we can take for granted? Is our almighty **C**reator not nearer to us than our own flesh and blood?

#1

Can we take the holy, unchanged Quran, the Truth about **G**od, for granted?

#2

Did man not take the Torah and Jesus for granted, until they vanished?

#3

Is what is natural to us not artificial for **G**od, Who invented every substance and life? Do we not exist only because He wills us to exist? And is what is natural to us not made of the same substance a Miracle is made of? Are we less wonderful than Jesus or the she-camel our **L**ord sent to Thamud out of nowhere? And how is it that man tends to massacre every life **A**llah sends us out of nowhere?

#4

Why should we conform to man when we can conform to **G**od? Was the holy, unchanged Quran not revealed to bring out the best in us?

#5

Did buddha not rebel against the almighty **I**nventor of suffering?

#6

Are the verses of the Bible and the not-so-biblical New Testament appropriate for worship, given that they were not composed by **G**od? How can the religious fail to embrace His genuine and unchanged Verses, which are in Arabic?

#7

How is it possible for sunnites, shiites and sufis to misunderstand **G**od's genuine Word in the holy, unchanged Quran, that He is the only **O**ne to be called for worship? And how can Jews and Christians fail to question His mimicked Word in the ambiguous Old and New Testaments, which claim He becomes jealous and has a descendant?

#8

Would **G**od allow ordinary men to compose a Guidance for mankind? Would He not compose it Himself for His Creation? Who claims Authorship for the Holy Quran, and who claims it for the inconsistent New Testament? Is it difficult for our **L**ord to distinguish His genuine Scripture from those manmade scriptures which lack His Claim of Authorship, yet which are literally taken for **G**od's Word? Where in the Torah —other than the Ten Commandments—, the Bible, the not-so-biblical New Testament, the Talmud, the fake hadiths of Muhammad, the Vedas or the Pali Canon does **G**od Himself claim to be the Author, as He does in the Ayahs Al Baqarah, The Cow, 2:23; An-Nisa, The Women, 4:82; Yunus, Jonah, 10:38; Hud 11:13; Al Isra, The Night Journey, 17:88; and At-Talaq, The Divorce, 65:11? Is it not too late to overwrite these scriptures? Has not the time come for these religions to let Islam "manifest" itself over them?

#9

Was Jesus obedient to the believers or to **G**od? Is a Muslim obedient to his community or to **G**od? Yet whom do sunnites, shiites, sufis and Christians obey?

#10

Glory to the exalted **O**ne, are the rulings of the fake sunnah related to Muhammad above **A**llah's Law in the eyes of a sunnite, shiite and sufi? Why do they not fast until night as **G**od commands in Sura Al Baqarah, The Cow, 2:187? Is evening the same as night? And where in the holy, unchanged Quran does **G**od make the first day of fasting dependent on moon sighting? Does He not command the Fast to whoever "witnessed the Month" of Ramadan? Is it more than arrogance that makes sectarians ignore Truth? And would a Muslim ever dare to corrupt His Rituals, which are as clear as black and white?

#11

Is Judgment Day the Day a Messenger will judge us or the **A**lmighty? Will sunnites, shiites, sufis and Christians, who expect the Messengers to judge in **G**od's Place, regret anything more than their corrupt hopes on that certain Day, than hoping to evade their **L**ord, than ignoring the Truth in the holy, unchanged Quran and the Old Testament?

#12

Is Judgment Day not the Day we will lose the mountains, the holy House and even the last copy of the holy, unchanged Quran?

#13

Is the pilgrimage site of the Kaaba not too small for the universal Religion?

#14

While "impurity" like "polytheists" is forbidden to approach the sacred House in Sura At-Tawbah, The Repentance, 9:28, is Mecca not built to admit everyone who believes? Are believers with a Jewish and non-trinitarian background not called too, on the condition that boys and men arrive purified, thus circumcised? Is Islam not revealed to mankind, to "manifest" itself over all religions according to Verse 9:33? Then which Verse asks us to take an Arabic name to prove that we have submitted? Is Islam not the universal Religion?

#15

Could your pride replace Reason? Did Christians learn nothing from the Old Testament? And did atheists learn nothing from the medieval Christians?

#16

What is the difference between atheists and the blind and deaf, who believe the world would be black and silent?

#17

Was the Flood not **G**od's Guidance for us, rather than Him regretting His Creation as claimed in the overwritten Torah? Glory to the exalted **O**ne, is He not infallible? And is it difficult for Him to create bare bones? Did cavemen and dinosaurs really exist, given that the scriptures are silent about them? Do their remnants not exist to test our faith? Is His Word, the Story of Adam and Eve, not more plausible than the things we touch with our hands, more than dead things creating life?

#18

How can scientists explain life with pure coincidence? Are we such primitive forms of life for educated people? Do they feel that miserable?

#19

Was philosophy not founded by pagans, polytheists and atheists? Yet are philosophical methods not a helpful way to recognize the not-so-ethical mob mechanisms of democracy? And Who is greater in philosophy than **G**od, Whose Allegories and Phenomenologies, Deductions and Inductions in the holy, unchanged Quran teach us all the characteristics of evil populism benefits from?

#20

Do aspiring winners ask themselves why they should win over their rivals?

#21

Should presidents, ministers and representatives not be replaced with referendums in true democracies? Can you really trust a stranger to represent your interests and not act against any of them? What does history teach us?

#22

Glory to the exalted **O**ne, do you expect more than nostalgia from religion if you reject **G**od's political Guidance, if your vote separates religion from state? Yet should you not expect eternal Beauty from the **O**ne you misjudge?

#23

Glory to the exalted **O**ne, is there an unwritten law that demands states conceal and fight against **G**od? Are Islam, Judaism and Christianity merely nostalgia for their governments, that are first to defend the rights of Muslims, Jews and Christians, yet strictly belie Whom they worship in their diplomatic correspondence? Do they only struggle for the votes of these veiled women? Or why would you never hear the word "blasphemy" pass from their lips?

#24

If a threat is not covered by freedom of speech, how can blasphemy be? Which one is more dangerous?

#25

Could a Revelation of **G**od that was not written down immediately carry His genuine Message? Are humans Angels or do they need their Rules in black and white? How can you fail to ask yourself what the conditions for Truth are before you blindly believe, should you take your faith seriously? Are the scriptures not highly contested? And is believing in the unseen a natural instinct to accept the first available creed you are confronted with? Is faith not a matter of intellect, as righteousness is of choice? Is it not the duty of every human to study each of **G**od's Revelations in order to find the coherent, unchanged one? Is life too short to care and conclude?

#26

What might be written in **G**od's Book for the Angels? Does such a Book even exist? Do Angels need rules like man?

#27

What would the education of an Angel look like?

#28

Do you choose to be the devil's advocate or **A**llah's? Is there another choice? Is there anything you would need to do to serve satan?

#29

Does slavery not teach us how to dedicate ourselves to **G**od? And are **A**llah's Slaves not rewarded the best? Is it not the Angels who are able to fly and is the holy, unchanged Quran not the uncensored Command of His?

#30

Is **G**od not the only **O**ne Who neither sleeps nor eats? How can Christians claim that the Angels and the genies are powerful like our **C**reator? Is it not because their trinity lie made them utterly faithless?

#31

Glory to the exalted **O**ne, which Verse in the holy, unchanged Quran could be satanic? Is the quranic **G**od too big for Christians, who claim He has two equals? Is His final Book too straight for Jews, who used to censor His Revelations to them?

#32

If Jesus were really **G**od or His son, why did he not split the moon or the sea?

#33

Does the eternal **O**ne need a legacy? What would **G**od need a son for?

#34

Glory to the exalted **O**ne, does **G**od having a son not imply that He has a mother and a father? Yet are both not denied in one of the most famous Suras of the holy, unchanged Quran?

#35

Do you not become a culprit if you ignore the law? What does this make of Christians, who deny the holy, unchanged Quran while rejecting the Law of the Torah, who have no substitute in their New Testament? Do they have the right to hope for Forgiveness from Him Who commands His two Laws? And is not only one the universal Law for mankind?

#36

Is not Mecca, which is built around our **L**ord's House, which proclaimed His holy, unchanged Quran and which He calls the "Mother of Towns," the center of the universe?

Do animals need Rules in worshiping **G**od like us, who, just like turtles, used to prostrate in any direction? Are the four-legged not allowed to howl and meow in any direction? Is "lining up" not what a bird does to exalt **A**llah? And what is the difference between domesticated wolves that forgot how to howl and the Jews who forgot the Torah? How do they explain Jesus' Miracles if they deny his Prophethood, or the superhuman eloquence of the holy, unchanged Quran if they deny Muhammad? Would the Holocaust have happened if they had only changed since Barabbas? Does their rejection of Muhammad not reveal that they did not change? Are Christians better though? Would they choose Muhammad over Barabbas? And the sunnites, shiites and sufis, would they choose someone blissful and new over someone wicked yet established?

#38

Humble as they are, would animals ever invent and worship idols?

#39

Do dogs look like they could judge us when they bark at us? Is it not easy to judge man?

#40

Is the human mind purer than the mind of an animal?

#41

Why would people eat animals that do not give meat? What could you eat from dogs, cats, guinea pigs, apes, rabbits, frogs or snails? Is it justified to kill animals for fun?

#42

Did our **L**ord not give us more than we could ever eat? Can a country which still needs to import food afford to be a country? Does our **M**aker ask for any money for His Soil, His Seeds, His Rain, His Rivers and His Lakes? Does it take more to feed a people? Which of His Creation would fail without fertilizers? And how many people would starve in a country that distinguishes between basic nutrients, like fruits and vegetables, and luxury nutrients like meat?

#43

Are vegans really incorruptible?

#44

If you celebrate **G**od's Servant for one whole month, then how long do you celebrate **G**od?

#45

Would **A**llah not help Palestine if Palestinians were in fact Muslims instead of idol-worshiping sunnites? What do Ayahs Al-e Imran, The House of Amram, 3:125 and An-Nisa, The Women, 4:141 promise? For how many decades have they been failing now —in spite of allegedly being Muslims? Are sunnites more mindful of **G**od than Jews? Do Jews call Moses' name in their Rituals? Do they not call **G**od exclusively?

#46

Is communism not the only alternative to abolish interest besides Islam —should a bank be in private hands? And is political Islam not more than veils and a fertile ground for quirky sects?

#47

Would our **L**ord send man another Messenger if he did not betray himself? Is it enough to call the names in the scriptures and ignore what is written?

#48

Did the partisans of the not-so-biblical New Testament ever read the Bible? Glory to the exalted **O**ne, would they ever read the holy, unchanged Quran as long as they do not love **G**od? Is their hate for Muslims not greater? And does anyone other than **G**od claim to be the Author of the Holy Quran?

#49

Glory to the exalted **O**ne, would sunnites, shiites and sufis ever read the Torah, the Allegories and the Psalms instead of the fake and forbidden hadiths of Muhammad, as long as they do not love **A**llah?

#50

How successful were the tribal Bible and the terrestrial, not-so-biblical New Testament; the surreal Vedas and the worldly Pali Canon in illuminating their readers? While these are insincere enough to reject heavenly virgins, would any of them die for the heartless, empty promises in their manmade doctrines? Where are their suicide bombers?

#51

Is **G**od's authored, ever-guarded, holy and unchanged Quran not the last Testament for Muslims, Jews, Christians and all remaining religions?

#52

Is the holy, unchanged Quran not the oldest Evidence we have for Jesus, where **G**od affirms him through another Prophet? And is the New Testament really about the humble son of Mary? Which Prophet wrote this book? Did its scribes not have eyes for his Miracles only? Glory to the exalted **O**ne, did they not claim he was the **L**ord and His son? Did they not put such words into Jesus' mouth? Yet could a rival of **G**od ever be His Prophet, let alone His Messiah? And since many are willing to believe in the New Testament, does willingness mean Truth?

#53

How come Prophets and Messengers do more harm than good when they leave us?

#54

Are the verses which do not deny the holy, unchanged Quran not the plausible verses of the New Testament? What about the Old Testament? Is it clear enough in distancing itself from the New-Testamental man-god to be a Light for Christians? Glory to the exalted **O**ne, would our real **G**od ever become jealous, or rest, or regret?

#55

What would Islam be like if **G**od revealed the holy, unchanged Quran to a freezing northern people? Would even one Promise, one Warning, one Command from His straight Path be different?

#56

Is not saturday "ceasing"-day according to the Bible and what its name signifies in romanic and slavic languages? Do Christians have the right to observe the Sabbath on sunday when even their languages tell them that they are lying? Do they have the right to relate to **G**od, the Holy Spirit, Jesus and the Bible if they systematically disobey the Ten Commandments?

#57

If age makes wiser, how can the old remain atheistic, pagan, idolatrous and trinitarian, sunnite, shiite and sufic?

#58

Is common sense in God's Eyes not more precious than old age? Could the Power to make Miracles ever come from someone made of flesh, like Jesus?

#59

Does a Prophet not represent **G**od's Cause exclusively, warning of the consequences of misbelief? Would he struggle against racism, wars and climate change like the faithless do?

Was the New Testament not distorted by the same faithless minds which claimed that Muhammad married a child, and which deny **G**od's very own Word in the holy, unchanged Quran today? How could it have taken so unreasonably long for the first book of the New Testament to be written down? Are decades of word of mouth trustworthy? Is this not why the divine Verses of the Holy Quran were written down the moment they were revealed, quasi engraved in stone?

#61

Does **G**od not deny that Mary's son was sacrificed, in Sura An-Nisa, The Women, 4:157-158? Does He not deny that the Messiah is His son, for example in Al-e Imran, The House of Amram, 3:59? Does He not then reveal that the apostles schemed against the Messiah in Verse 54, and that his **L**ord schemed against them, and furthermore that the Messiah was defiled by the deniers, the romans, in the following Verse, and subsequently raised to Him? And before, did He not warn the apostles that they would be punished as no one had been punished before, in Al Maidah, The Table, 5:112-115? And were they not tormented as Jesus ought to be tormented in the end —and is not more to come? Is this not the more plausible timeline for the Easter Passion, narrated by **G**od Himself?

#62

Would Jesus teach something new today, or would Muhammad or Moses? How would they treat those who misunderstand **G**od's genuine Message, in spite of its clarity and accessibility? Leniently, as they treated the unknowing, or indulgently, as they treated the illiterate? Is life too short for the literate to obey the holy, unchanged Quran? What will their excuse be? That they believed **G**od to be less upright than **A**llah, or as passive as the Father?

#63

Are the Jews still shocked by the Holocaust to respect **G**od from now on, to accept His holy, unchanged Quran and everyone clearly serving Him, namely Jesus and Muhammad? Is this much?

#64

Is Israel, with **G**od's Help, not a leading arms producer? And is the **L**ord not frustrating its enemies? So what would Israel need America for? Does America not profit more from Israel?

Did the Buddhist monk who set himself on fire burn or not? And could he bear more than one second of coolness?

#66

Are statements beginning with "I heard" good enough for Asians to believe in? When did buddha live and when was the Pali Canon written? Are centuries of word of mouth —rumors— good enough to have faith in? How many Buddhists would entrust their money to word of mouth? And since their canon is determined enough to deny **G**od's well-known Creation of the Heavens and the earth, can it offer us no more than "I heard" that the buddha said this and that?

#67

Does a female idol have authority over a man? Could an untouchable woman ever seduce him?

#68

Does a woman fear men more than **G**od?

#69

Does your hair grow in Paradise?

#70

Was satan not among those who prostrate before he was banned from Heaven? If the devil is not too ingrate to fall on his face before **G**od, how can Christians be? Is sitting or kneeling really nothing more than a different way of worshiping? Does humiliating yourself really mean nothing? Glory to the exalted **O**ne, do they believe they are better than **G**od? Do they have the right to criticize satan?

#71

Are those plain lies of the catholic, pentecostal, protestant, evangelical and orthodox churches really profitable? What is the most abandoned religion on earth? Yet does a falsifier not give his best? Are christian clerics more than slanderers? Are "godhead" and "manifestation of **G**od" more than metaphors for polytheism? Glory to the exalted **O**ne, what could make the **L**ord of the Worlds disguise Himself like those priests, who would never dare to use the word "polytheism" for their three false, equal gods? And how likely is it that the Messiah drank wine, when the Torah forbids alcohol to someone dedicating himself to **J**ehovah? Does a Christian, who denies Jesus' non-trinitarian **G**od, drinks, cuts his hair and eats pork, really follow the Prophet? What is his excuse for failing to share his Customs? Are Muslims, who abstain, purify, fast and prostrate before only one **G**od, not more christian than catholics and the rest?

#72

Was Moses treated like Jesus by his witnesses, revered like the **A**lmighty? Yet were the Miracles he received from his **L**ord weaker than the ones the Messiah received? Do the scribes of the Old and New Testaments not demonstrate the difference between the faithful, who are able to believe in **J**ehovah, and the faithless, who are too skeptical to believe in an unseen **G**od?

#73

When **G**od seals the hearts of His deniers, can they prove more than being liars?

#74

Would trinitarians and atheists die for their blatant lies?

#75

Is believing enough to dedicate your life to **G**od? Does the holy, unchanged Quran not use Reason to make you recognize **A**llah and His flawless Law?

#76

Are the popular idols visited by millions of tourists —of venus, mercury, aphrodite, bacchus, nike, dionysus, hera, neptune, jupiter, zeus, cupid, thor, diana, poseidon, apollo, artemis, athena— better than the idols on the heights of ancient Israel that **J**ehovah punished and expelled His chosen Ones for? Glory to the exalted **O**ne, are these not an "insult" to our **L**ord, as are the olympic games, which are named for the home of those hellenic idols?

#77

Is it civilized to keep the actual names of the weekdays, months and planets, which are named for germanic and roman idols? Does "institutionalized" mean "untouchable?"

#78

Have human rights not crossed the peak of Freedom? Do they not defend sinners today, perversion and lies? Is it healing to support a misogynic and pathogenic practice like homosexuality? Is it just to spare murderers and thieves from the punishment they deserve, treating them as if they were innocent and harmless?

#79

Would people reject the death penalty if they did not fear it for themselves? Would they oppose amputation if they did not steal themselves? Would they object to **G**od's exemplary Justice without justification? Would they not embrace its benefits if they were only willing to stop?

#80

Is not the victim's brother, if one exists, the only one whom **A**llah ultimately authorized to pardon a murderer in the holy, unchanged Quran, Al Baqarah, The Cow, 2:178?

#81

Glory to the exalted **O**ne, are not fighting our **L**ord and His Messenger, along with murder and spreading "corruption in the land," the only three crimes requiring the death penalty in the holy, unchanged Quran: Al Maidah, The Table, 5:33 and Al Baqarah, The Cow, 2:178? And do you not fight **A**llah if you propagate hadiths that contradict, and thus oppose, the Holy Book? Then do you not spread corruption in the land when you protest for gay rights? Are you in that case better than a murderer in **G**od's Eyes?

#82

Are **G**od's deniers born to play the victim?

#83

Does a Jihadi have personal interests? Does Jesus? Are these not banal when you have **G**od in your life, when you get the chance to serve Him like an Angel? Is it then appropriate to limit the Messiah to the old canon? Does he not serve the Author of the final Book? Is the New Testament, which rejects **G**od's Law, not useless in saving you? Yet does **A**llah not have the Right to expect more from His Creation than merely faith? Does He not command the believers to struggle for Him? And is the Holy Quran populistic like the factoid New Testament? Is it not, in spite of demanding, loved more than the beautified Testament, with followers ready to die for, even over a thousand years later? Is the Messiah in reality not a struggling Jihadi, purifying and prostrating before his one **L**ord?

#84

Unchanged as it is, does the Holy Quran not teach what we truly know about **G**od, the Angels, the Prophets and the genies?

Is bodybuilding, if intended for appearance rather than war, not self-mutilation? And what could the goals of transsexuality and obesity be other than self-harm? Did satan not swear to our **L**ord that he would treat some of us like "cattle" and make them "alter" their bodies in Sura An-Nisa, The Women, 4:118-119?

#86

Is homosexuality only a sin like eating pork, or is it a crime like murder and theft? Did our **L**ord ever torment a people for eating pork? Did He not torment the peoples of Sodom and Gomorrah just as He did with the peoples of pharaoh, Aad and Midian?

#87

Is "ugah-ugah" not a fitting definition for "judeo-christian values," which today serve nothing more than opposing our **L**ord's holy and unchanged islamic Values? Is a woman's integrity not an islamic Value? And is gay marriage not a so-called judeo-christian "value?" Yet where does Islam break with the Values of the Bible? Does it not enforce them while Jews and Christians weaken them? Does "judeo-christian values" not mean the opposite of the signified?

#88

Do the Angels and the genies get ill like us?

#89

How come every second church leader seeks to change Christianity? Is the New Testament not good enough for them? Would they still seek to change it if the whole book were sincere like Jesus' few Allegories? Would Christianity have shattered into tens of thousands of denominations if its canon were only upright?

#90

Does it take more than one word to change a book? What does this say about the pre-quranic scriptures? Glory to the exalted **O**ne, does **G**od lower Himself to our deserts and towns disguised as a man or does He remain befittingly a **G**od? Does He need a son to secure His alleged succession or is He sheer eternal? Does He sacrifice to His begging Supplicants or do His begging Supplicants sacrifice to Him?

#91

Are not sunnism, shiism and sufism the most fought and Christianity the most abandoned religions today? Could anything other than the idolatrous New Testament and the fake hadiths of Muhammad be blamed? Yet which Prophets even wrote these documents? And does Islam not forbid any path other than the holy, unchanged Quran —the Book written down by Muhammad— for Muslims? Do the Ten Commandments —written down by Moses with the rest of the Torah— not forbid trinitarians to worship anyone besides one **G**od?

#92

Are you a believer if you believe in **G**od yet reject His Law, or in other words, refuse to fear Him? Are you a believer if you are a Christian, rejecting the Torah as well as the holy, unchanged Quran, or if you pick a handful of Rulings from the latter like the sunnites, shiites and sufis? Glory to the exalted **O**ne, are you a believer if you find verse 2:2 of Genesis, namely that **G**od would rest, harmless?

#93

Should we not make **G**od's chosen Language our international language? Should not everyone be able to read His very own Arabic words firsthand? What could be the benefits of other languages? Have western languages not become too rotten for a dignified society?

#94

Does Islam mean "submissions" or "submission" in Arabic? Thus, is it submissive to have two names written in the prayer direction of the mosque, to bear witness to two names in your covenant of faith, to call two names in the call for prayer, or to submit to the fake sunnah of Muhammad instead of exclusively **A**llah's holy, quranic Sunnah? Is Quranism not the only way of Islam, logically?

#95

Do Christians really believe Jesus' crucifixion could exempt them from humbling themselves? And even if he was sacrificed for your sins, which the holy, unchanged Quran denies, would you not prostrate yourself before **G**od if you were grateful to Him and loved Him?

#96

Glory to the exalted **O**ne, does **G**od deserve less Loyalty than your loved ones? Does He not deserve more?

#97

If you were certain of your **L**ord, would you not do more than what is demanded in the scriptures, more than merely worshiping and avoiding sin? Would you not want to be your Teacher's Pet? Would you not preach your **L**ord in the most magnifying Words, which would be the holy, unchanged Quran, if you are too uncreative for other courtesies?

#98

Can we know more about ourselves than our **M**aker? Does a book know more about itself than its author? Who has a better explanation for man's superiority among the Creatures than **G**od? Aimless atheists who find no sense in it? So how do they explain a meatball having a conscience? Is **G**od's Answer not the only reasonable Answer for us? Is a soul not more reasonable than plain electricity in explaining our thoughts? Do you even value life if you claim it was merely created by a chemical process without Proof? Is a Creature the same as a dead piece of coal or cake? Does **G**od not make more sense than an explosion resulting in symmetrical as well as elegant beings? Then does the evolution theory not claim we were created automatically? So who could have created such automatism if not a **G**od? Could a robot ever create itself? Is not **A**llah, His Almightiness and Eternity, the only Answer for our causal understanding of science? And does institutionally belying **A**llah's undeniable Truth not mean war?

#99

What could be holier than the holy, unchanged Quran on earth? What else is truly created in the flawless Image of **G**od?

#100

Do we really have the original wording of the Ten Commandments? Glory to the exalted **O**ne, is there anything that could make the Holder of the worlds "jealous?" How can there be a void of a millennium between **J**ehovah revealing His Commandments and our oldest source of them? Yet were the Verses of the holy, unchanged Quran not written down immediately upon their Revelation, quasi-engraved in stone? And did Moses really break his first set of Tablets? Does the Holy Quran confirm this, or another set? How can the Torah contradict itself regarding who wrote on the alleged second set?

#101

Could any invention promise us Paradise?

#102

Is abstaining enough? Does **A**llah admit anyone who refused to obey Him, or who shared His Authority with the idols of Jesus or Muhammad?

#103

Are "I heard" not the first words rumors begin with? Glory to the exalted **O**ne, is "I heard" not the price sunnites, shiites and sufis trade their holy, unchanged Quran for? Can "I heard" that the Messenger said this and that bind a Muslim, who is forbidden to follow any path other than **A**llah's holy quranic Path? And does Sura Al Jinn, The Genies, 72:21 not deny any "Reason" coming from His Messenger?

#104

Is the holy, unchanged Quran too short for sunnites, shiites and sufis, who read the fake hadiths of Muhammad because they seek additional guidance other than **G**od's? Yet is the final Scripture not "enough" according to Sura Al Ankabut, The Spider, 29:51; "plain" as indicated in Ya Sin 36:69; "detailed" as stated in Al Anam, The Cattle, 6:114; "accomplished" as described in the following Verse; "eased" as specified in Al Qamar, The Moon, 54:17; an "illustration" as explained in An-Nahl, The Bee, 16:89; guiding to the "straightest" as clarified in Al Isra, The Night Journey, 17:9; and a "cure" as formulated in Fussilat, It Was Detailed, 41:44?

#105

Does a Muslim submit to Muhammad or to **G**od? Does he live by the contradicting rulings of the fake sunnah that sunnites, shiites and sufis prooflessly attribute to the Prophet, or by **A**llah's Guidance? Can a slave have "two masters?"

#106

Do you not kneel in front of women? Are kneeling, singing and meditation signs of Submission, like prostrating yourself?

#107

Is worshiping Angels, genies, Jesus, Muhammad, animals or dolls beside **G**od not association? Is this — according to Ayah An-Nisa, The Women, 4:116 and the Third Commandment— not unforgivable for Him Who alone deserves to be worshiped? Yet did sunnites, shiites, sufis, Christians and Hindus not acknowledge the **A**lmighty as the **O**ne Who created us and our world in their canons? Glory to the exalted **O**ne, is humanity not indeed ungrateful? What more could satan want from man?

#108

Could man be more ethical than his **I**nventor?

#109

Is a public that is shaped by lies immune to fake versions of Islam? Is such a public not prone to lawless sunnite terror?

#110

How successful is Hinduism in convincing the world of its made-up miracles? Is it not **G**od Who allows India, its religious chaos and absurd castes to survive, only to teach the rest of the world the errors of past peoples? And is Buddhism, which denies **G**od's Power to create, not too atheistic to be regarded as a religion? Glory to the exalted **O**ne, can Buddhists show us credible, meaningful Signs? How meaningful is being born unsoiled from your mother or multiplying your body?

#111

Is **G**od not able to top any lie? Did He not split the moon?

#112

Is choosing from lies Liberty? Are dictators really worse than the elected? Is there anything democrats would not do to be elected and reelected? Have we not seen enough?

#113

Glory to the exalted **O**ne, if America stands for Christianity and Liberty, why does it ban **G**od's blessed Fruits from the world?

#114

Does banning a plant not suggest that **G**od made a mistake? Glory to the exalted **O**ne, and does **G**od make mistakes? Are we allowed to ban what He allows and to allow what He bans?

#115

If cocaine is dangerous, then what is alcohol? Did the world not ban the wrong drug? Do numbers lie? Yet did **G**od invent alcohol or did man? Does **G**od lead to accidents, fornication, rape, cancer and addiction or does man?

#116

Is our **L**ord not the only **O**ne authorized to ban His Creation? Does He not punish those who seek to banish His Work —that which He allows? Are not far more people killed by gangs than by a cocaine overdose in the affected nations? Yet is coca banned in the holy, unchanged Quran, the Bible or the not-so-biblical New Testament? And how can Christians allow pork, which our **L**ord actually banned through various Prophets — which Prophet wrote the New Testament? Then did He not as well ban alcohol in His final Scripture? Is their appetite not the price Christians sell their obedience for?

#117

How could the catholic church forbid **G**od's Creation? Does the illogic of the trinity allow one to believe in the **C**reator of all?

#118

Do you not kill your reputation in **G**od's Eyes and the eyes of the Angels, the genies and the Muslims under the influence of alcohol?

#119

Will man still dominate over the animals in Paradise? Will he even dominate over himself near **A**llah?

#120

Would Paradise really be too small to admit every human being without exception? Would such a place then be from **G**od?

#121

Why would sensible people choose to be misguided? Is the opposite of Paradise not Hell and of "unchanged" "changed?" Are the Torah, the Bible, the not-so-biblical New Testament, the Vedas and the Pali Canon the unchanged Word of **G**od? Is even one word in the Holy Quran changed?

#122

Was the original Torah, which is silent about the Beyond, not closer to the holy, unchanged Quran than the Torah we are reading today?

#123

How can christian women and men be divided over the veil? Is the virgin Mother Mary not their pride?

#124

Are virgin muslim brides not the norm? And virgin christian brides?

#125

Would women exist if man were immortal? Is reproduction not a trait we share with plants? Is lust not a botanical drive that makes us lose our minds? And are ovaries not created in the manner of flowers? So what does having organs similar to those of animals and plants unveil about us?

#126

Does Sura Al Ahzab, The Troops, 33:35 cast any doubt on gender equality in Islam: the Religion which is neither sunnism nor shiism nor sufism yet exclusively Quranism?

#127

Is Beauty a ticket into Hell?

#128

Will unveiled women, who ignore **G**od's Request in the holy, unchanged Quran and who lead a life miserable enough, categorically burn in Hell? Yet does a veil not shield you from a miserable life?

#129

If men are one degree above women in the Sight of **G**od, does it mean she has fewer rights? And does **A**llah allowing the killing of animals for nourishment mean they have zero rights? Are they not "communities" just like us in the Eyes of our **M**aker, Sura Al Anam, The Cattle, 6:38? Is Justice worth less than a life?

#130

Do we not weaken ourselves by changing **G**od's healing Law?

#131

Could **G**od's clear Message in the holy, unchanged Quran be compared with the inconsistent Bible or the ambiguous, not-so-biblical New Testament, where, besides the obvious verses denied in the final Scripture, man does not know what else is made up and which Commands really come from **J**ehovah —would the Jews not freeze in winter if they were forbidden to make fire on Sabbath? Should faith be speculative like gambling? And could anyone claiming the Holy Quran was changed name these changed verses? Is the difference between glorifying and underestimating not clear enough to impute alteration to **G**od's very own Word? Glory to the exalted **O**ne, where does it claim that **A**llah becomes tired, or is jealous or succeeded by a son?

#132

Is whatever is right and wrong not irreversibly determined by the wise **O**ne rather than periodically by unauthorized lawmakers? Is it not determined in the holy, unchanged Quran rather than in courtrooms and parliaments? And how well could a voter know the lawmakers he is voting for? How much could he trust their promises and consistencies? Is not any referendum more democratic than a parliament allowing a few elected ones to decide for all? Are they not elected today because of marketing tricks rather than leadership skills? Is it skillful to allow what **G**od forbids and to forbid what He allows? Would they not allow and forbid their citizens anything, as long as these allow them to govern?

#133

Is Peace on earth without **G**od's genuine Guidance realistic? And does the Bible carry His unchanged, straight Word? What about the Torah, the fake hadiths of Muhammad, the New Testament, the Vedas or the Pali Canon? Is the Holy Quran not the only Book authored by **G**od?

#134

Could Freedom make you happier than **G**od?

#135

Could the Swine Flu stop Christians from eating animals which our **L**ord forbids? Do they not overlook His Warnings? Do they not reject His Guidance in the holy, unchanged Quran and the "remnant" of His Guidance in the Bible, while their not-so-biblical New Testament blatantly converts it into misguidance? Do Christians even want Mercy?

#136

Is pork in the west not cleaner than the pesticidal, over-fertilized food available in sunnite, shiite and sufic countries?

#137

Is Atlantis Africa? Are there better reasons than satanic customs and nudism for **G**od's Wrath: hunger, AIDS, Ebola, malaria and cholera for —voodoo and shamelessness?

#138

Which fallen empire ever resurged?

#139

Glory to the exalted **O**ne, do the existing sharia laws not slander Islam? Is Islamic Law not the sum of —equal to— the holy, unchanged Quran? Do we need additional laws and rules for a straight and safe society if our **L**ord never gave mankind more? So where does the Holy Quran allow fatwas? Did not **A**llah "perfect" Islam on the day He revealed Verse 3 of Sura 5, Al Maidah, The Table? Are sunnites, shiites and sufis, who submit to sheikhs besides their **L**ord, really Muslims? Are Quranists not the only Muslims who can exist?

#140

The U.S. Bill of Rights or the Swiss referendum — who is the true "Leader of the Free World?" Yet can something built on lies provide Freedom? Are false religions, perversion and propaganda not rather obstacles?

#141

Did a Messenger of **G**od really stone someone to death for a sin that is merely punishable by lashes according to the Law of the holy, unchanged Quran? What does one fabricated hadith say about the rest of Muhammad's alleged sayings? Where to draw the line? Yet could there be even a single fabricated Verse in **A**llah's holy, quranic Hadiths?

#142

Are the fake hadiths of Muhammad not a Trial for Muslims? How do their readers explain the Messenger preventing women from fasting without their husbands' permission? And how could Islam abolish the distinction between a man's slave and a free woman that **A**llah has established? How do sunnites, shiites and sufis justify substituting **A**llah's straight Path with man's crooked path, which cannot even be traced back to the Messenger appearing centuries upon his death? Yet would a Muslim abandon **G**od's Path for blatant lies?

#143

While he is ignored by Jews, how do Christians explain satan rejecting us? Is blaming him enough to learn a lesson through him? How can they choose to remain stupid when they could get to the bottom of it? Do they not know that the holy, unchanged Quran is a Light for mankind?

#144

Was the quasi-written Revelation of the holy, unchanged Quran not a necessity given the distorted conditions of the Torah, the Bible and the not-so-biblical New Testament? Was this not fulfilled by miraculously making the Messenger read and write before **G**od revealed to him? How else could Muhammad have convinced those around him of a Revelation by **A**llah? What would Moses and Jesus have achieved without their **L**ord's amazing Miracles?

#145

If Jesus had taught the holy, unchanged Quran, would the sincere today reject it? Glory to the exalted **O**ne, how can Jews and Christians reject something coming from **G**od? Is His healing Word replaceable, like His Messengers and Prophets?

#146

How much of the New Testament could be true when **G**od refuses to be called Father in the holy, unchanged Quran and denies having a son? And would Muhammad's companions, who were only named centuries upon his death in his alleged hadiths, ever contradict the final Scripture?

#147

While the holy, unchanged Quran affirms Moses' Torah, David's Psalms and Jesus' Gospel, or rather the remnants they are today, would **G**od ever affirm the gospels of Matthew, Mark, Luke and John, along with the rest of the New Testament, ambiguous books written down by neither a messenger nor a prophet? Why would He select Messengers and Prophets if He allowed anyone to take down a Book in His holy Name? And how would you corrupt an allegory without ruining it?

#148

While **G**od affirms the Teachings of the Torah, the Psalms and the Allegories in the holy, unchanged Quran, would He ever affirm the New Testament, which blatantly calls the Messiah **G**od and **L**ord, which flagrantly designates His Angels as Jesus' Angels and the followers of the Prophet as his slaves? Glory to the exalted **O**ne, does the Old Testament affirm such unholy teachings?

#149

Do the first four Commandments mean nothing to Christians? What about the Seventh and the Tenth?

#150

How many out of three gods could be the "mightiest of all?" Is "almighty" not the contraction of this simple equation? Could someone not almighty be a **G**od? And would Christians not deny **G**od's Almightiness before admitting that they are wrong and that Muslims and Jews are right?

#151

Could anyone less than **A**llah be a **G**od? Could anyone less than Him have created something like us, "a fly?"

#152

Could solicitude replace Devotion? Should you be closer to people than to your **L**ord? Does company allow you to reflect? Does it not distract you from thoughts that matter? Should you not care more about yourself if you want what is best for you? And is self-isolation not often the only way to escape bad company and its wrong priorities, which prevent you from praying, lead you toward idolatry and atheism and defile you? Yet can you reject misbelief in your heart like bad company? Is Salvation not worth it in the end?

#153

Where does the holy, unchanged Quran demand suits? Does it not advise wearing the "garment of Piety?"

#154

Would the world be a better place if we were identical like twins? Do the thousands upon thousands of rules from the fake law attributed to Muhammad leave any Freedom? Yet is the Law of the holy, unchanged Quran not a libertarian Law in its scope and interference? And would sunnites, shiites and sufis not see that they are actually prostrating before an idol beside **G**od if they were not overwhelmed by so many needless rules?

#155

Are we not cutting our own Freedom by criminalizing things that our **L**ord did not genuinely forbid? Do people not claim that it would be **A**llah Who takes away our Freedom though? Yet do numbers lie? Do man's wrongs not outweigh His Rulings in the holy, unchanged Quran? And does **G**od not provide true Freedom, to individuals as well as to families, with few yet efficient measures able to make the criminals fear?

#156

Would **G**od's obedient ones need to doubt a better world to come if our world were already perfect? Can **G**od not top everything?

#157

Are humanists more ethical than believers? Is it ethical to be ungrateful to Him Who gave you your life and your world, which you love so much? Or is it ethical to do good exclusively to humans, those capable of helping themselves? Is humanism not merely an excuse for the spoiled mainstream? And is Piety not more ethical, as are vegetarianism and veganism?

#158

How can vegans claim that **G**od would not love animals when He destroyed an entire town for refusing to share water with the she-camel He sent to Saleh and for hamstringing her; when He forbids strangling, beating, toppling and goring in Sura Al Maidah, The Table, 5:3; when He teaches pastures for livestock instead of lifelong confinement; when He will settle them near Him without Judgment? Are Judaism and Christianity qualified to speak for **G**od without genuine Scripture? And are sunnites, shiites and sufis, who only show compassion at the time of slaughter, not too greedy for Islam?

#159

Does **G**od not have more Compassion for us than us? Does He ask us for anything we could not give Him in exchange for everything He bestows?

#160

By serving Him, do you serve **G**od or yourself? Does **G**od need anything from His Creation?

#161

Does faith in democracy not oppose faith in **G**od? Glory to the exalted **O**ne, how loyal is it to vote for parties which do nothing yet replace His timeless Law with their own shortsighted laws? Yet can their laws protect you as only **G**od can? And can they protect you from Hellfire on Judgment Day? Why should Muslims respect these laws? Why should they bother with democracy? Are they not rewarded for ignoring it: namely with the best?

#162

Is a world that forbids polygamy a free world? Is a world that allows gay marriage a civilized world? And is a world that calls men women a true world? How many people would become hateful if the elected did not come up with divisive ideas? Are voters not polarized by whatever these feed them? Does democracy really lead to Peace? Does homosexuality really mean love when it denies half of mankind? And how innocent and harmless are voters who establish secularism and legalize racism? Whom does **J**ehovah warn in Isaiah 65:12?

#163

Does **G**od expect Muslims, Jews and Christians to compete in bad deeds or good? Does He expect the whole world to believe in Him, when He wants to find out who among us is the "best in deed?"

#164

Is it sufficient to teach Jesus' Miracles while silencing his Teachings from the Torah to become a Christian? Should the trinity of its haters come as a surprise? Yet soon, will the haters of their trinity not have outnumbered Christians worldwide? And do they not love the true Jesus introduced in the holy, unchanged Quran? Would they ever prefer him massacred, like those selfish do?

#165

Does any Allegory of Jesus teach the trinity? Why does no Revelation exist that declares **G**od is triple? Why do all Prophets and Messengers without exception declare He is **O**ne, if Christians told the Truth? Are declaration and speculation the same to them?

#166

What is worse: a lie serving greed or pride?

#167

Do you believe in your religion or in **G**od? Would you not submit to Him instead of your community and its blatantly corrupt scripture, if you believe in Him? Does "Islam" mean something else in Arabic?

#168

Over a thousand years later, is charity the only thing man has learned from the holy, unchanged Quran? Yet is charity really the solution to a cause? Is it not **G**od Who allows relief? Is charity coming from a society that chooses lies about Him more than waste? And is the Holy Quran not the exclusive Truth about Him? Should man —first of all— not learn how to pray appropriately from **A**llah?

#169

Glory to the exalted **O**ne, how can a Scripture composed and signed by **G**od Himself be so neglected? How can His self-proclaimed believers disregard His very own Verses and obey the contradicting yet fake hadiths of Muhammad? Do we have another Book like the holy, unchanged Quran?

#170

What is the value of obeying parts of the holy, unchanged Quran if you associate the Prophet with **G**od, which is the only thing He does not forgive, according to His Law? Do not even atheists and socialists obey parts of the final Book?

#171

Does free speech mean Freedom? Is Truth not the only way to Freedom that can exist? And is the Holy Quran not the unchanged Word of **G**od?

#172

Can we find more of the holy, unchanged Quran when we die?

#173

What can we learn from the death of the caterpillar? Does it cease to exist?

#174

Were the animals on Noah's Ark aware of being the last ones of their kinds?

#175

Do sunnites, shiites, sufis and Christians have the right to deny an animal's Resurrection when the holy, unchanged Quran affirms it in Sura Al Anam, The Cattle, 6:38? Which Creation would never deny **G**od? And who can imagine a world with only humans?

#176

Will the suppressed animals meet their torn families in Paradise?

#177

Where does our gummy fabric come from? Do our seeds grow on trees or in the soil? Is our flesh washed ashore? Does it even belong to this planet? Does it not, unlike the "black stone" that sunnis, shiites and sufis claim comes from Paradise, really come from there?

#178

Is flesh an aggregate phase of soil or is it purely **G**od's Blessing?

#179

Should culture be about anything other than Purification? And should you strive for anything other than proving yourself to your **L**ord?

#180

Is an animal or fruit still halal if not nourished purely, free from over-fertilized soil, synthetic fertilizers and pesticides? Why is pork forbidden? Are we allowed to corrupt the revealed Standard with our own standards? Is not all meant for us?

#181

Are animals fed on non-organic feed pure enough to be sacrificed to our **L**ord?

#182

Is it not the perfect occasion to ponder Hell while having meat, how it must burn, how the skins and bones resemble our own skins and bones? What might this place smell like?

#183

Is an embryo truly a child? Is a child not "another Creation" following the embryo, according to our **M**aker in Sura Al Muminun, The Believers, 23:14? Does abortion really lead to death?

#184

Why are people not curious about their approaching death if they believe they deserve Paradise? Why are they scared as if Hell were waiting?

#185

Do the souls of the dead dream while they wait for Resurrection? And how can their loved ones claim they are already in Paradise, when **G**od revealed that they shall be judged between Paradise and Hell on Resurrection Day, that they shall be like sleeping until then, that Hell shall be kindled come that Day?

#186

What does satan gain from man's weakness?

#187

Do genies have any reason to consider themselves supreme when they will be judged by the same holy and unchanged Quran as us?

#188

Will the obedient genies be visible to obedient humans in Paradise? Is the holy, unchanged Quran not revealed to both Creations? And will any animal enter Hell? Is Hell maybe a world with only humans in man's eyes, if the disobedient genies remain invisible there —a world sunnites, shiites, sufis and Christians regard as Heaven, since they deny the Resurrection of animals?

#189

Are genies numerous like us?

#190

Do the Angels and the genies grow up like us?

#191

While Koreans, Chinese and Japanese look like one family, do they also feel this way?

#192

Would any man have acted as the Messengers and Prophets did, had **G**od chosen from Caucasians, Asians, Indigenous or Black peoples?

#193

Why would Black people not stop traumatizing themselves in their culture? Are they not sick of the vicious circle of playing and remaining the victim? Did the Jews not suffer more? And do they still make a fuss about the Nile people and the Germans?

#194

Is **G**od impressed by the things which impress us?

#195

Why is satan invisible to us? Is Adam the only human who ever saw him? Was the snake Eve saw really him, or was it rather inspired by him? Did Adam ever meet him on earth?

#196

What if only Adam had eaten from the cursed tree? Or only Eve?

#197

Do unveiled women know how men think about them?

#198

Has the influence of the cursed tree already vanished if a little heat makes people wear nothing more than short pants and bikinis?

#199

Are the fruits of the forbidden tree still forbidden to man? Will **G**od keep testing His admitted ones in Paradise?

#200

Does satan not tempt us against **G**od's true Commands? How wise is it for Jews and Christians to neglect the holy, unchanged Quran? Could arrogance replace Truth?

#201

Is not everything written in the holy, unchanged Quran meant to be taken literally? Can **A**llah not make everything real?

#202

How universal can human rights be if they come from Caucasians? Did the **C**reator of the universe not grant us truly universal rights in the holy, unchanged Quran? Is it not, unlike man's law, willing and able to protect the weak and the innocent —namely from the criminals whom human rights protect?

#203

Did not **G**od create Justice? Who other than Him could reinvent it?

#204

Could science save remorseless sinners from the Wrath of God?

#205

Are Christians not lawless liberals who helplessly seek to escape **G**od's unbreakable Authority, claiming their false gods love everyone unconditionally? Do they not believe in their own echoes more than in the Laws that Messengers and Prophets proved with His unmatched Miracles and Signs? Which Messenger or Prophet wrote the New Testament, though?

#206

Are we capable of sharing pure love? Were we before Adam and Eve ate from the cursed tree?

#207

If Jesus defended that woman who ought to have been stoned, did this penalty, which does not exist in the holy, unchanged Quran, ever belong to the Law of the revealed Torah? Or was this the moment it was abolished? Or is this story invented too?

#208

Is leaven pure enough for consumption when our **L**ord demands its removal during Passover? Is it not technically a fermentation, a decay? Glory to the exalted **O**ne, how can the Torah command us to offer leavened bread to Him if it still carried His Word?

#209

Is Cleanliness not the embodiment of good?

#210

Is lawmaking in a democracy not an industry today rather than Justice?

#211

Is it still democracy if it results from lies?

#212

Is the international community not willing to do more than close its eyes before **A**llah's Signs? Is it not a Feast for the faithful to watch Him castigating those nations with disasters, diseases, wars and despotism?

#213

Does God predict the future or make it?

#214

Is there even one aspect of reality that almighty **G**od does not have under control? Yet do we feel anything when He steers us?

#215

Did **G**od not shape us to live by His genuine Word, which is the holy, unchanged Quran?

#216

Would the depictions of Angels be that beautiful if they were man's invention instead of **G**od's Creation? How does man's fantasy treat the genies he has never seen? Does he not depict them categorically as monsters? Yet did **G**od not admit their father into His Assembly?

#217

Where does the rumor come from that satan, a genie, is a fallen Angel? Do Angels fail?

#218

Are Jewish and christian women wearing a veil oppressed like women on the Arabian Peninsula and in Africa, in Iran and Afghanistan, in Pakistan and rural Turkey: pressured to wear it against their will? Yet would sunnites, shiites and sufis not know how to treat women if they were in fact Muslims, obeying the holy, unchanged Quran and rejecting the utterly misogynic yet fake sunnah of Muhammad?

#219

Would Islamophobia be that popular if countries like Saudi Arabia, Afghanistan and Iran in fact lived according to Islam, or in other words, according to the holy, unchanged Quran exclusively? Where does **A**llah command men misogyny and the enslavement of women? And where does He command non-Muslimahs to wear a veil? Is the purpose of the veil not the differentiation between female believers and deniers in Sura Al Ahzab, The Troops, 33:59? Then would skeptical women not choose to wear the veil if only their sunnite, shiite and sufic societies would not distort Islam?

#220

What would be different if the holy, unchanged Quran had been revealed in all languages, if **G**od's genuine Word did not face worldwide racism? Could His healing Message touch a racist heart?

#221

Can you really obey **G**od if you fear anything besides Him?

#222

Can singing replace falling on your face? Is entertainment the same as humbling yourself? Should worship amuse you?

#223

Did **G**od not title His holy Message "Quran," Arabic for "Recitation," because He no longer accepts lies and pure begging as worship? So what would Jews need another Temple for if their scriptures fail to teach them how to worship, if they would neither recite **G**od nor prostrate before Him inside?

#224

Are we, who do not know what is good for us, created to merely beg? Are we not taught to pray by reciting our Guidance, **G**od, His genuine Verses in the holy, unchanged Quran?

#225

While animals are merely collateral damage for satan, are they not someone in Paradise, from which he is expelled?

#226

Is democracy not a gamble between evil and the lesser evil? What is to be expected from a rivaled rule predestined to divide? Is **G**od's genuine Law in the holy, unchanged Quran not the only Government able to lead us? Is there even one crooked Verse in His final Scripture?

#227

Is not Freedom the opium of the people? Yet is subjection to the **M**erciful captivity?

#228

Is it difficult to turn your back on your rotten environment when you can spend your time with **G**od's genuine, unchanged Word, His Rituals and Ideals taught in it? Do you need others, imams, to live Islam and save yourself? Is the Holy Quran not all you need?

#229

Can you protest against Truth? Do the faithless achieve more than protesting against Hell?

#230

Does really no one know what is right and wrong? How can someone be appalled at Islam without knowing it? Glory to the exalted **O**ne, is it not that the world as a whole indeed knows **G**od's uncensored Differentiation, which religions, education, press, politics, science and culture hardly cease to badmouth?

#231

Do you deserve Mercy if you are too naive to verify the blatantly pretentious scriptures you are born into, too careless to prepare yourself for your Resurrection sincerely, while caring enough for genuine brands? Is life too short to care?

#232

Is it not calming to trust someone who fears **G**od and being held responsible for his actions? Yet do Christians fear being held responsible as long as they assume that someone else died for their sins?

#233

How can a sinner give up eternal bliss if he cannot give it up for a brief moment? Is ignorance really bliss? And burning alive?

#234

Is **G**od not introduced in the sincerest, thus most magnified way in the holy, unchanged Quran? Would satan write such a Book for us? Glory to the exalted **O**ne, would he not rather teach to downplay our **L**ord, as in the Torah, the Bible and the Pali Canon, or to worship idols, as in the fake hadiths of Muhammad, the not-so-biblical New Testament and the Vedas?

#235

Which child knows not Who **G**od is before it comes to an age when it learns blatant falsehoods about Him? Is teaching kids the trinity, a religion without **G**od, easier than teaching them about almighty **G**od, Who created Heaven and earth and all that is between?

#236

If christian conservatives ruled the world, would they not fight Islam instead of atheism? Are trinitarians not nearer to atheism than to **G**od's genuine Guidance in the holy, unchanged Quran?

#237

Can you use **J**ehovah's Commandments to deny His Oneness when the first three Commandments reject polytheism: the trinity? Are Christians entitled to invoke the Ten Commandments?

#238

Does **J**ehovah act and speak like a Prophet? Glory to the exalted **O**ne, how can a reader of the Bible and the not-so-biblical New Testament confuse our **L**ord with His Slave?

#239

Is Mary, mother of Jesus, not too educated to associate herself with something as unreasonable as the trinity? Did she not have her own prayer niche as a child and does she not prostrate exclusively before **G**od according to the holy, unchanged Quran?

#240

What is more joyous than **G**od's Creation? Could man ever invent something as sweet as the animal, or as captivating as intoxication?

#241

Is **G**od not the only **O**ne allowing us to understand our dreams? Are teachings about the meanings of dreams not absurd, absurd like the horoscope?

#242

Are dreams not as well **G**od's Gift to those who are tired of their environment and its tireless failings? What could be more exciting than the countless realities our **L**ord admits us into, night by night, when He takes our sleeping souls? Are there any limits to His Gentleness?

#243

Glory to the exalted **O**ne, would the Torah not prove that **G**od needs rest and becomes jealous and regrets His Creation of mankind if it still carried Evidence? Or that man, in his weakness, is created in His Image? And would the New Testament not prove even worse, if it carried Evidence?

#244

What percentage of **G**od's Image could be in us?

#245

Does **G**od accept those who patiently wait for His holy Name to be announced for worship, only to associate the Messenger with Him? Would they refuse to pray if **A**llah alone were called?

#246

Are sunnites, shiites and sufis, who read the fake hadiths of the Prophet, afraid of reading **G**od's straight Word in the holy, unchanged Quran?

#247

Did not **G**od invent numbers and amounts? Glory to the exalted **O**ne, how could trading your Loyalty to Him away be profitable? How long could such joy last? Is Hell not eternal?

#248

Did the Prophet seek to establish another religion? Where do all those hadiths come from? Does Sura Al Maidah, The Table, 5:3 not teach that it is our **L**ord Who "perfected" Islam? And was Muhammad His rival or His "Seal of Prophets?"

#249

Would **G**od have revealed a new Religion if the existing ones were still good enough? Would the Jews have been able and willing to share His Message with the censored Torah they read and without Jesus? And would Christians ever prostrate themselves before our **M**aker as long as they cannot see Him? Would they starve for Him? Would Christianity even exist if the New Testament required circumcision of men? Is it not obvious that the Religion of the unchanged, final Scripture is the "correct Religion" and that the Actualization corrects all that was corrupted? And is this not why the deniers claim the Holy Quran merely copies the old scriptures —mistaking correction for copying?

#250

Does the government of the richest nation in the world, which boldly claims to "trust" in **G**od and spends from nothing except His Favors, have the right to allow others to be worshiped within its borders and homosexuals to be wed? Do its administrators believe it would not matter to their **L**ord, that Grace would be the reward for ingratitude?

#251

Is it appropriate for a monotheistic Christian to hide among trinitarian Christians? Should he not officially abandon his wronging congregation and be a light to his fellows? Is idolatry not the only sin **G**od does not forgive, according to Sura An-Nisa, The Women, 4:116? And does the Third Commandment forgive it? What could be shabbier than silently watching your fellows doom themselves?

#252

Does satan test us or hate us?

#253

Which adult wants to be patronized like a child? Is the holy, unchanged Quran not the perfect balance of law and Freedom?

#254

Do we not need rules to keep our dignity in God's Eyes?

#255

Is man able to handle Liberty? Would he not ruin the boundless Freedom our **L**ord would like to grant him? Would he not allow gays and lesbians to marry and adopt children? Would he not teach the young promiscuity and homosexuality while taking away their right to build a protective family? Is not lack of dignity the human definition of Freedom?

#256

Do homosexuals and their supporters have the right to pray to our **L**ord? And what could be the mission of a conservative government once it tolerates homosexuality? Did Sodom and Gomorrah wed gays and allow them to adopt children, as christian conservatives do today?

#257

How come christian administrations admit gay priests and refuse to reject the trinity, admitting the wrong and rejecting what is right? Is Christianity today more than pure marketing lacking theological discourse? When did **G**od allow man to create his own religion?

#258

Where does **A**llah allow men to wear short pants and tight clothes? Does Sura An-Nur, The Light, 24:30 not command them to guard their modesty as well? Is their scalp not the only region distinguishing them from women? Or are the body parts they are required to cleanse for ablution different from those of women? Yet would these not be larger if they were allowed to unveil more than women? Are they in reality not forbidden to pilgrim half-naked?

#259

Could education among men ever replace the need for women to dress modestly?

#260

Does a woman's veil not awe most men? How many veiled women and nuns get raped? And is betrayal harmless? Does it not derail women as well as men, conservatives as well as liberals? Is it wrong of our **L**ord to protect us therefrom, namely with modesty in appearance — among women as well as men? Is the right to wear a mini worth the pain?

#261

Does it make sense to return to **G**od's pre-quranic scriptures when we know that these are too corrupted to carry His healing Message?

#262

Is the holy, unchanged Quran not the Perfection of the overwritten Old and the non-prophetic New Testament? Which Prophet wrote the New Testament?

#263

Would **G**od have commanded Muhammad to immediately write down His Revelations if the word-of-mouth era had not failed in maintaining His Message in the Bible and the Evangelium? Did the Protocoling of the Holy Quran not spare at least some from straying? Yet are sunnites, shiites and sufis obedient enough for Paradise? Glory to the exalted **O**ne, is associating the Messenger with Him not unforgivable according to Sura An-Nisa, The Women, 4:116? And how can Jews, Christians, Hindus and Buddhists overlook the lack of accuracy in their canons while insisting on protocols of minor importance?

#264

Is the New Testament really more lenient than the holy, unchanged Quran, when all Suras except one begin with the Words "In the Name of **A**llah —the **M**erciful, the compassionate **O**ne," when associating partners with Him is the only thing He does not forgive, according to Sura An-Nisa, The Women, 4:48?

#265

Is Jesus not a Trial sent by God to test our Loyalty?

#266

Does democracy not doom man to obey his own wishes instead of his **L**ord's?

#267

Is our true nature not to be Slaves of **G**od rather than mammals or the fittest to survive?

#268

What is the difference between full-time employment and slavery when you lack the time to relish? Yet does **G**od demand full-time employment from us, in spite of paying more?

#269

Are not the living Messengers underrated and the late overrated?

#270

Can the straight Message of the Holy Quran and the ambiguous messages of the Bible and the not-so-biblical New Testament coexist? Does interest, which is accepted from foreigners in the Torah yet forbidden in the Holy Quran and the New Testament, not cause poverty? Is not lack of Purification, which is tolerated in the New Testament yet unthinkable in the Holy Quran and the Torah, responsible for the spread of diseases like AIDS? Does the holy, unchanged Quran not demand circumcision from men and a waiting period of three to four menstruations from divorced and widowed women before they remarry, cleansing her from sexually transmittable pathogens? And does it not request that we wash our heads and limbs five times a day and eat from pure things?

#271

Is the delicate language of the holy, unchanged Quran interpretive like man's symbolic language in the Bible and the not-so-biblical New Testament? Does our **L**ord not teach how to speak in His genuine Book? Is "soul" not a nicer word than "person" or "human?" And does language not mirror the level of corruption established in society? Would Christians affirm polytheism in their German, English and Russian idioms if they were convinced Monotheists instead of phony trinitarians? Then what is their equivalent for the islamic and the Jewish expressions "halal" and "kosher?" Would Christianity still be the largest religion in the world if it allowed not everything?

#272

Would man not treat the holy, unchanged Quran appropriately if he ceased to compare it with the Torah, the Bible, the not-so-biblical New Testament, the fake hadiths of Muhammad, the Vedas or the Pali Canon? Can you compare **G**od with a man? What does the Second Commandment teach?

#273

Would our **L**ord narrate to us like any of us narrates a story, or would He choose a more sophisticated text genre to reveal His Word? Are the Old and New Testaments and the fake hadiths not worlds apart from the superhuman eloquence of the holy, unchanged Quran? Is this not the difference between man and his **M**aker? Does His Reminder need to be symbolic like a work of romanticism, formulated in the dramatized language the New Testament speaks? And is the text genre of liars and seducers capable of teaching the difference between one and more than one, holy and unholy, exalted and low, clean and unclean?

#274

Does "new" mean "true?" Is not the holy, unchanged Quran the rightful Testament for Christians, teaching the Truth about **G**od and His Messiah in **G**od's own unmistakable Words?

#275

Is Truth not more fascinating than fiction? Are **G**od's Thoughts resulting in us not more amazing than our imagination?

#276

Are **G**od's Secrets not the only Secrets that exist?

#277

Will man learn Who his **L**ord is as long as he treats humans like royals?

#278

Should you ever name your children for **G**od's Most Beautiful Names and unmatched Attributes from the holy, unchanged Quran, like Aleema, a derivation of Al **A**leem, "the wise **O**ne," or Raheem, which is derived from "the compassionate **O**ne?" How ridiculous do they look on us? Glory to the exalted **O**ne, would you also name them **A**llah?

#279

Are we allowed to title translations of the holy, unchanged Quran which invent names for unnamed persons "Quran," as seen in Sura Al Kahf, The Cave, 18:65 in the so-called Sahih International translation? Are precise word-by-word translations not the only editions allowing us to title a book "Quran?" And still, are these pseudo-translations not more guiding than reading exclusively in Arabic, should you not speak Arabic? Glory to the exalted **O**ne, is **G**od's genuine Word not more than music to the ears? Is it not Truth and Law? And even if different versions of the Arabic Quran exist in different dialects, is the mainstream version not the version written in Muhammad's dialect and preserved in the Uthmanic Codex? Is it not identical with the oldest discovered manuscript samples?

#280

What is the point of gender-segregated prayer in Jewish congregations if they pray without prostrations?

#281

What could be the worth of a church or a temple in our **L**ord's Eyes, those alleged Houses of His where congregations prefer sitting to standing and prostrating? Are their interiors not overhauled by the void hall of the Mosque, which allows prostrations and serves nothing else? And is not any Bible study group more devoted than a church built on pseudo-rituals, rituals deriving from non-prophetic, idolatrous traditions? Are Christians, whose only ritual is baptism, followers of the Messiah or of Yohanan? Was Jesus not purified through circumcision? Did he not observe the five Feasts prescribed in the Torah and the Sabbath on saturdays? Did he not fast as a Muslim does, abstaining from all food and drink? Did he not make Offerings to our **L**ord? And are Christians not ashamed to call the eating of bread and the drinking of wine a ritual?

#282

Could we accomplish more than prostrating ourselves before our almighty **L**ord?

#283

Did Moses and Aaron and their people not incessantly prostrate themselves before **G**od in the Torah whenever they felt needy, grateful or guilty? How can Christians be so alienated from doing so if they believe in Him? And how can sunnites, shiites and sufis prostrate before the name of their Prophet written upon their prayer niche in the mosque? Do polytheists act any differently?

#284

Is it possible for a reader of the holy, unchanged Quran not to recognize the misguidance of the fake sunnah? Is Ayah Al Baqarah, The Cow, 2:187 not one of the earliest reminders and Al Jinn, The Genies, 72:18 one of the latest that his rites deviate from Islam? Does a sunnite, shiite or sufi, who is obliged to read the Holy Quran, have any excuse? What goes through his mind when he reads that he must literally fast until "night" instead of evening, and that it is forbidden to call Muhammad Rasulullah in the call for prayer? What makes him nevertheless ignore these explicit Ayahs —other than being a bloody infidel? That maybe the "Seal of Prophets" was authorized to contradict the Commands of his **L**ord? Or that the hadiths are above the Holy Quran? Or that, regardless of what is written and where, an ummah of billions cannot err?

#285

Can children be an excuse for everything?

#286

Glory to the exalted **O**ne, who dares to call **J**ehovah "Jah," who dares to sing "Hallelujah," who dares to give **G**od a nickname? Are those Psalms the unchanged Word of **G**od?

#287

Are evil people impolite?

#288

Is being **G**od's Slave not different from being a man's slave? Do we not give our body and mind? Is it not challenging and awakening? Can you ever stop improving in **A**llah's Eyes? Will He ever run out of tests tailored only for you?

#289

What makes believing in Hell so difficult? Lies, wishful thinking, blocking? Do we not see the sea of pain we ourselves cause, the countless ways pain can be felt? How can we trust a book that promises Salvation for nothing? Did a Prophet, maybe Jesus, write the New Testament? Does **G**od not swear in the holy, unchanged Quran that mankind as a whole shall end up in eternal Flames? Does He not as well show the straight Path to Him? And is idle faith enough to save ourselves?

#290

Who might be more severe: the evil or **G**od? Who punishes, Whom shall we fear?

#291

Is admitting your faults and abstaining not the condition for a bright future? Do you need to be ashamed of repenting?

#292

Is the difference between men and women not obvious as the difference between dogs and cats, apples and pears to mix them up? Does it not take more than surgery to look like the opposite gender?

#293

Is pedophilia —forbidden in the holy, unchanged Quran yet legitimized by the Prophet's imputed marriage to Aisha— not enshrined as a right in the fake sunnah of Muhammad?

#294

Do promiscuous gals and women who refuse to marry deserve animals dying for their food? And their seducers?

#295

Is the love for our loved ones not another Trial? Are we allowed to neglect **G**od because of our dear ones?

#296

Is it wise to govern a wrongdoing people if you believe in **G**od? Why would Jesus have claimed that he was the king of the Jews without real authority over them? Yet did he not show them Guidance like a true king?

What could legitimize a Jew's or a Christian's scripture over the holy, unchanged Quran? Knowledge that contradicts itself, witnesses whom no one living has ever seen, prophecies that were tailored to the books of the Old Testament and already fulfilled before their transcription?

#298

Did it not take ages until we obtained the first written versions of the Torah, the Bible and the not-so-biblical New Testament? Could the witnesses, and thus the Miracles in these scriptures not have been invented? What makes the redacted Old or the unscriptural New Testament more plausible than the Holy Quran, which, unlike the contradicting narratives of the monotheistic-polytheistic Testaments, remains in its revealed state? Which Scripture even carries **G**od's guiding Signature? In which Book is Ayah Yunus, Jonah, 10:37 written? Could anything less bind mankind?

#299

Is eradicating the Holy Quran realistic? Is **G**od's genuine Word not the most guarded thing in the universe, guarded by our **L**ord Himself, as promised in Sura Al Hijr, The Hindrance, 15:9? How come we lost the earliest versions of the books of the Bible? Is "inspired" the same as "dictated?"

#300

Is the holy, unchanged Quran not the Seal of **G**od's healing Law?

#301

Is one good deed enough to make someone an Angel —are Angels not known for doing good deeds without exception? Is the sincere use of words not the first step into a "better place?" Then is Hell a place of merely mediocre pain to call all kinds of places this way? And is surviving a misfortune the same as raising the dead? Is it justified to call useless things like sports results Miracles? Is **G**od not the only **O**ne able to make Miracles? Yet are His moving Miracles not underrated? How can we explain Hinduism and Buddhism, religions built on meaningless, made-up miracles, if not? Or how meaningful is it to resurrect someone beheaded with an elephant's head instead of his own?

#302

How can Asians choose the fruitless bond to a poet over the saving Bond to our almighty **C**reator? If His World is only sad and empty, what do they want here?

#303

Would a Muslim false-heartedly strive to complete **A**llah's holy Law with the needless, rival sunnah of a man? Does "holy" not mean "flawless" and "Muslim" "submissive?"

#304

Should a Ritual dedicated to **G**od, such as the islamic and christian addressings of prayer, not be cleared of the names of others? Is the recitation of the holy, unchanged Quran not the only Recitation in which other names are accepted in worship?

#305

Is it appropriate to pray in your pajamas, or in clothes you would never leave your home in?

#306

Would men not be silky like women if the evolution theory were true, or women hairy like men? Would we not match like the opposing genders of animals if **G**od had not created and beautified the women?

#307

Does the evolution theory really describe a human when it describes a being who spends his life pretending to be as unintelligent as an animal —and whose children and grandchildren follow him in this pretense— alleging our so-called "primordial language" to be a rudimentary production of sounds, even though all physical and emotional givens named by a fully developed language have always been present? Is AI not more human than Darwin's human that plays dumb? And does going into details make lies more credible?

#308

Are the sentimental yet fake hadiths of Muhammad not the golden cow of the Muslims, testing their Loyalty to **G**od and His Authority?

#309

Which Prophet was able to make an impact? Do we not have millions of sunnites, shiites and sufis today prostrating before the "Seal of Prophets," alongside millions of christian polytheists? Are the remaining billions who are claimed to be affiliated not in fact non-practicing agnostics? And what does a practicing Christian do a non-practicing does not? Does visiting church —socializing— really mean "practicing?" Does Christianity, which rejects the Torah, not need a Law and Rituals to claim it has practicing believers? Yet would it even be the largest religion in the world if it had a binding Law and Rituals like Islam and Judaism?

#310

Did people in the past read as much as people today? Was there not less text distracting from scripture? Did they not take more time to think? Were they not wiser than people today?

#311

Does **G**od only accuse Judas in Sura Al-i Imran, The House of Amram, 3:54? Does He not accuse the apostles as a whole, including the authors of the New Testament, of scheming against the Messiah? What does this reveal about the legitimacy of the New Testament?

#312

What would satan accomplish by openly denying **G**od? Does he not hide his traps under dramatic stories like the deceiving New Testament and the fake hadiths of Muhammad to lure man? Does he not mingle good with evil like the present Torah? Does he not blend the world with causes which can only succeed by **G**od's Grace? Yet is Loyalty to the gracious **O**ne not the first and last cause man would need to struggle for, Loyalty which he vainly gives up for Jesus, Muhammad and buddha?

#313

Can you believe in the Bible without believing in its details? Is this not the only way to believe in it without contradicting yourself?

#314

Can we imagine our world without satan? Will he still be remembered in Paradise?

#315

In which age did **A**llah create Adam and Eve?

#316

What might the faces sculpted by **G**od's Hands have looked like, the faces of Adam and Eve? Flawless? Unmatched by the rest of His Creation?

#317

Why would evolution create beautiful lips and perfectly white snow? What would it have adapted zebras to? Is our **L**ord's Trace behind Beauty and Creation not evident?

#318

Are we allowed to dilute and devalue our food? Are pork and fertilizers not too cheap to be true?

#319

Does any fruit need our help to grow? Are we allowed to industrialize and devalue food? Does the holy, unchanged Quran not command to eat of the "pure things?" Does Sura Al Anam, The Cattle, 6:145 not forbid "filth," and thus industrialized food?

#320

Is helping a big deal for the wicked? Is helping not one of the best opportunities to misguide?

#321

Are gender and sex not based on reproductive organs? Is it possible for a man to use the gender of a woman, or vice versa, for a goal other than caricaturing? Could a man ever feel like a woman? How many transgender men share their fear of giving birth?

#322

Should man not erase the lies about our **L**ord before he fights hunger, racism and everything else he would like to change? Should he not sanctify Him if he wants an honorable life from Him? What do priorities unveil about our kind? In refusing prostration, circumcision and fasting, in serving exclusively himself instead of our **L**ord, what does the largest religion in the world unveil about man? Yet would our flawless **M**aker even accept offerings from unhygienic priests?

#323

Even if mankind came together, could it ever improve our **L**ord's Differentiation of Good and evil drawn in the holy, unchanged Quran? Is man qualified to decide between Good and evil? Is the **M**aker of the worlds not the only **O**ne Who knows what is good and evil, today as well as tomorrow?

#324

Do atheists have more Evidence than believers? Is being faithless not choice rather than conclusion? Is it reasonable to believe that dead things could create life?

#325

Do atheists, who reject **G**od's everlasting Promise without the least assurance for their opposition, even care about themselves?

#326

Do you respect **G**od when you respect religions that deny Him or His Authority, which amounts to the same?

#327

How seriously does a people that believes worshiping a Prophet makes no difference take religion? Is Israel not the only nation that takes religion seriously?

#328

What could be more satisfying than reciting hundreds of Verses to your most gracious **L**ord in a language you do not even speak?

#329

Are the Rohingya, the Iraqi and the Afghan refugees not fleeing their homes because of the global war against Islam? Are muslim refugees not the only refugees to whom Paradise is promised in the holy, unchanged Quran, should death catch them on the run? And are sunnite, shiite and sufi refugees promised Paradise too, when associating partners with **A**llah is unforgivable according to Sura An-Nisa, The Women, 4:116? Yet are their homes not burned down as an act against Islam? Then does fighting **G**od's Law not mean fighting Him, which He only forgives when His opponent repents and converts to Islam, according to At-Tawbah, The Repentance, 9:5?

#330

Are the defeated sunnites, shiites and sufis of Palestine, Iraq, Bosnia, Myanmar, India and Syria really believers according to Sura An-Nisa, The Women, 4:141?

#331

Is dying without knowing **G**od not the worst way to die? And could man teach us more about Him than **A**llah Himself? Which Scripture is unchanged and written in the first Person?

#332

Does Sura At-Tawbah, The Repentance, 9:84 allow us to pray for the deceased of whom we do not know whether they believed in **G**od or not, whether they loved Him or not? Should we pray for someone who rejects Him? Should we advocate for His opposers? Do we trust strangers enough to leave our doors unlocked?

#333

What is the sense in being vegan if you deny Resurrection?

#334

Do you not need to be vegan, or at least vegetarian, to honestly believe in the sanctity of life?

#335

Is a plant-based diet not the most effective way to obtain the slightest Purity our **L**ord would like to see in us? Are circumcision, ablution, organic food and the avoidance of pork and bloody meat enough? And how can Christians call Him Father if they are not even willing to purify themselves for Him? Glory to the exalted **O**ne, is Cleanliness not a sign of respect?

#336

Is Ayah 61 of Sura 3, Al-e Imran, The House of Amram, not stronger than voodoo? Is someone who does not pray capable of cursing?

#337

Is **G**od claiming to be the Author of a Book the same as His Servant's claim that He is the Author of his words? How come when **G**od Himself claims it you find no contradiction in it? Is His Servant's word respected and guarded like **G**od's very own Word in the holy, unchanged Quran? And is the New Testament not the most contradictory book in the world? Does it not teach the Torah while simultaneously teaching to call a man **G**od? Yet did Jesus write this scripture? Are devils not able to inspire too? Who else could have inspired the blasphemous gospels of Matthew, Mark, Luke and John, distorting Truth with another idol, this time disguised as **G**od's pretended son? How can these be compared with the straightest Book in the world? And, Glory to the exalted **O**ne, did they spare the Old Testament, where **G**od rests?

#338

Which Prophet wrote the New Testament? How can you believe in it when it was not written by anyone appointed by **G**od? What do Prophets and Messengers exist for? Is their lack not a breach of Protocol? Should you expect anything less from your **L**ord? Could you care for anything more? Are His Revelations not taken down by His Messengers and Prophets? And is the New Testament really about the **A**lmighty? Are Jesus' pure Allegories not the only Narratives entirely sincere to our **L**ord? Or how do you corrupt an allegory without ruining it?

#339

Does Jihad not serve **G**od? And democracy?

#340

How many civilians did Samson kill besides himself? Would he, in spite of an Angel announcing his birth, not be defamed as a terrorist today? And did Jesus not teach the Law of the Torah, which, due to Ephesians 2:14-16 and Colossians 2:13-15, is rejected by the haters of the Ten Commandments and observers of the false sabbath? Yet straight as he really was, would trinitarians not reject Jesus today, maybe crucify him if he insisted on Truth, treating him like the Jihadi the rabbis recognized in him? Do Christians not choose the unholy letters of Paul over the Allegories and the Torah, comfort over Devotion and Law? Is in reality not Paul their desired savior? Does action not speak louder than words? And is the Author of the holy, unchanged Quran not our only **S**avior?

#341

Would Jews who refuse to circumcise their sons return to the ghettos of the Nile? Do they not owe their Freedom and wealth to our **L**ord, Who wants them purified? And why would chosen People want to be like others? Was not every single Jew created for **G**od like an Angel, because He chose them for Himself?

#342

Do those who reject our **L**ord have the right to keep His Dogs and Cats, to eat from His Creation? Do they have the right to deny Him while they breathe His Air? Are they not even made of His Breath? Do we not belong fundamentally to Him? Is it not theft to disobey Him and do whatever you want? Does He demand much, though?

#343

Would we have arms and legs if **A**llah had no Rules for us? Is religion merely about what you believe? Is it not above all about what you do?

#344

Can health and sports be an excuse for lack of shame? Is it permissible for the soccer team of a supposedly islamic nation to wear short pants? Does such a nation have the right to demand from women the veil?

#345

Are faithless women commanded to wear a veil in the holy, unchanged Quran, like Muslimahs? Are they not commanded to pay the Non-Muslim Tax in At-Tawbah, The Repentance, 9:29? Does **A**llah not reject "coercion in Religion?" Is the difference between Islam and the sects of sunnism, shiism and sufism not like the difference between black and white, love and hate?

#347

How far would a scientist go to see our real "Twin World?" Would he take the straight Path of the holy, unchanged Quran? Is there another way?

#348

Who needs religious institutions when we can have Scripture? Can rabbis, alims, sheikhs, muftis, imams, priests, theologians, monks, aristocrats, gurus and yogis make it rain? Why do they not preach **G**od's holy and unchanged Quran if they fail to prove their crazy theories? And what holds a Christian back from joining Scientology: another religion not about **G**od, another religion not introduced by a Prophet?

#349

How are rivers of milk and honey made? Are animals not welcome in Paradise?

#350

Can there be a purer definition of life than the holy, unchanged Quran, which is composed by no one less than the **C**reator of life?

#351

Is it not obvious that the universe was created to maintain life? When would evolution have intended to create us coincidentally? If this theory were true, would life not have been meant to develop from the very beginning? Would the birth of the universe not have inevitably led to life, placing the earth on its vital spot before the sun? And is the universe not too big for such coincidence? Thus, would not an almighty **G**od be the only **O**ne strong enough to create such a universe and such automatism out of nothing, should He have decided other than forming us with His Hands? Or could a robot ever create itself?

#352

Does an atheist really accept Reason? Could dead things ever create life? Or did the first Creature bloom from a flower? Did it maybe fall from a tree? Why do Creatures not emerge from plants or dead things anymore? Why are scientists, who laud themselves for recreating, or at least observing, everything they teach, not able to recreate or observe Creatures coming from plants or dead things? Does it in reality not take Someone ever-living to create life out of death, logically?

#353

Do we need scripture to guess that the **C**reator of the Heavens and earth cannot be of flesh?

#354

Are books wiser than your dreams? Which one is able to predict your future?

#355

How many psychoanalysts are able to predict the future with their alleged science-based interpretation of dreams? Where is the Evidence for their science?

#356

Is the Law of the holy, unchanged Quran not kept reduced to allow different cultures to coexist —because Islam is the Religion for mankind? Would the Law of the Torah allow to maintain cultures other than that of Israel? And does the New Testament even provide a law? Did Jesus not refer to the Torah and would he not refer to the Holy Quran of his **L**ord today if he were among us? And do the fake hadiths of Muhammad allow to maintain cultures other than that of bedouins?

#357

Do those who fail to write **A**llah with capital "**A**" have the right to call themselves Muslims?

#358

Did **G**od not promise Abraham He would care for the barren valley of Mecca in Sura Al Baqarah, The Cow, 2:126? Is it not blessed with the oil discovered in 1938 in Saudi Arabia, which was discovered for no other reason? So where do the Bible or the not-so-biblical New Testament predict the recent future? Were these not written down upon their predictions having already occurred? Is this Evidence?

#359

Did **A**llah not compose the holy, unchanged Quran while He knew that sunnites, shiites and sufis, most of its readers, would totally fail in obeying?

#360

What would **G**od not give man if he only took the holy, unchanged Quran — Truth— as standard?

#361

What is more challenging: **G**od's genuine Word in the holy, unchanged Quran memorized by body or mind, temptation or discipline?

#362

Is the New Testament not written by those blind whom Jesus could not heal, who worshiped him instead of exclusively **G**od? And the fake sayings of Muhammad, which make their believers praise and prostrate before the Messenger as errant yet appreciated as they are, were these not made up by those faithless who were not willing to change, using the influence of Muhammad's name to circumvent **A**llah's unbreakable Authority, to quasi add to His holy, unchanged Quran?

#363

Is our **L**ord not better than His Messengers and Prophets?

#364

Glory to the exalted **O**ne, is **G**od not discriminated against by His own human Creation?
